

***Project Nurture believes people need and deserve support for recovery and safe and healthy parenting.
Project Nurture aims to provide the support they need to get there.***

Project Nurture is a Center of Excellence model that provides integrated medical care, addiction treatment, advocacy and support for pregnant people who use or have used substances. It is a holistic, team-based program, centered around peer support and founded on harm reduction and trauma-informed care principles. All sites offer:

- Pregnancy care with a midwife or doctor
- Addiction treatment with a licensed counselor
- Medications for Opioid Use Disorder
- Case management and advocacy for accessing community resources
- Peer support from other pregnant people, peer mentors and/or doulas
- Consultation for interested patients and providers
