2018 House Bill 4018 requires meetings of a governing body of a CCO in which substantive decisions are made final to be open to the public and provide an opportunity for public comment. Health Share invites public comment on all issues, time permitting.

“Substantive decision” is defined under OAR 410-141-3025 as decisions that (i) relate to spending of public funds, the financial risk of a CCO, provider network development and capacity, or the community advisory council, community health assessment, or community health improvement plan, and (ii) are not exempted by other provisions of the rule.
